

[Homepage](#) <= **Cooperation**

For tasks, which are related to Human Resource Management, I offer you my **cooperation**, my support and my know-how in terms of

- => counseling,
- => coaching,
- => research projects, and
- => seminars.

My current specializations are

- => Recruitment,
- => Staff Retention,
- => Leadership,
- => Personnel Development,
- => Downsizing, and
- => Concepts of Quality in HR.

Furthermore all undergraduates with a focus on HR are highly trained experts. In terms of **campus scouting** there are these consequences to consider:

- => Experts are most welcomed consultants in my courses, as well as hosts for speeches, lectures and field-trips.
- => The undergraduates are always looking for topics for their final thesis.
- => The undergraduates are looking for companies, where they can complete an internship or a temporary job.
